Department in English language

SUPERVISOR:

Mgr. Věra Kuhnová

ABSTRACT:

The subject for this Bachelor Thesis is the movement of children in the nature in the context of preschool education. The main goal to achieve in the practical part is to introduce games and physical activities from the all-year program called Adventures of the owl, which was executed in the last year in the forest kindergarten of Tři údolí. It is based on the use of the physical activities and games in all aspects of The training program for preschool education during the seasons.

KEYWORDS:

preschool education, movement, nature, forest kindergarten
